A calmer new tab

Brand identity / approved style direction

Brand idea

Browser window + bookmark + the first light over quiet mountains.

01 The signature

Master symbol and adaptable lockups

Signature sunrise

Dark small-size

Light neutral

Use the sunrise icon for store pages and product identity.

Use simplified marks at 16px or on busy photographic surfaces.

02 Color system

Mood: soft sunrise, premium glass, legible typography

Charcoal

#1F2329

Sky

#E3EEFF

Lavender

#E8E0FF

Sunrise

#FFD9C3

Off-White

#F9FAFC

Primary ink

Charcoal keeps labels and typography sharply readable.

Secondary atmosphere

Sky, lavender and sunrise belong in subtle UI accents and background treatments.

03 Usage rules

Do / avoid / export recommendations

Do

- Maintain generous clear space
- Use full icon on light neutral surfaces
- Use minimalist logo for tiny sizes
- Keep wordmark proportions unchanged

Avoid

- Recoloring the bookmark arbitrarily
- Adding heavy effects to the logo
- Placing the logo over dense contrast
- Stretching or skewing any artwork

Exports

Chrome extension: 16 / 32 / 48 / 128 px (PNG).

Web favicons: SVG, ICO, 16 / 32 px PNG. PWA and touch icons included.

Social: Open Graph 1200 x 630, X header 1500 x 500, square 1080 x 1080.

Outlines are supplied: no font file is required for the vector wordmark.
